BOOK SYNOPSIS

Flowerrevolution is part traditional guidebook, part “choose-your-own-adventure”. From a stunning array of flower photographs, readers can choose the flowers they’re most attracted to, and based on those choices discover an interactive system that reveals their state of mind. The book provides specific questions for reflection and action steps to catalyze transformation in their lives. Using flowers as teachers, they can rediscover how to find new insights about themselves and their world.

In many ways, with the current advancements in technology, we’ve lost our connection to nature, and in turn, our connection to ourselves. This disconnection leads to stress, fatigue, and imbalance. In *Flowerrevolution*, we will explore the vast and beautiful world of flowers and learn how flower elixirs can be used to help us bring nature back into our everyday modern lifestyles.

Packed with information, stories, reflections, and rituals, this interactive book is designed to open up readers to a fresh new world of magic and possibility.

Flowerrevolution reveals the secret healing powers of flowers, including ancient and modern methods for harnessing their unique qualities, like flower rituals, flower baths, and special applications for flower elixirs.

“Flowers only live for a week. This book will live in your heart forever—and that’s our gift to you.”
