BOOK SYNOPSIS

Because of its complex integration, Product Cost Controlling (CO-PC) is often regarded as the most challenging module in SAP ERP. In this book, you will learn the most important concepts, business processes, and configuration settings. By concentrating only on the essentials, this book will quickly enable you to use it as a supplementary reference guide for implementing or supporting SAP CO-PC. Screenshots of transactions and configuration are included to illustrate written content. This book also dives into CO-PC integration details with other modules and tips on how to properly configure and implement a highly integrated sub-module. This complete and simplified guide to configuration and business processes for SAP Product Costing covers: * Introduction to Value Flows in SAP Controlling * Step-b-Step Examples * Configuration for Product Costing * Detailed Month End Closing Processes Tanya Duncan (TanyaDuncanBlog.com) is an experienced Senior Consultant with Deloitte Consulting. Her global SAP project experience includes the energy, consumer products, and life sciences industries.
